Profile

Highly motivated Java Software Developer with strong expertise in Core Java, OOP Concepts, Collections Framework, JDBC, and Java EE components (Servlets, JSP). Experienced in developing data-driven web applications using MySQL and implementing MVC architecture for clean and maintainable code. Skilled in SQL queries, form handling, exception handling, session management, and integrating front-end technologies like HTML, CSS, and JavaScript. A quick learner with strong analytical and problem-solving abilities, committed to delivering efficient, scalable, and high-quality software solutions.

Technical Skills

- **Languages:** Java, HTML, CSS
- **Database:** MySQL
- **Backend:** JDBC, Servlets, JSP
- **Tools:** Git, GitHub, Eclipse, Apache Tomcat
- **Design:** Adobe Photoshop

Projects

Student Management System

Aug 25 - Sep 2025

- Designed and developed a **Student Management System** using **Core Java** and **JDBC** to perform CRUD operations on student records (add, view, update, delete).
- Integrated database connectivity with **MySQL** via **JDBC**, ensuring reliable data persistence and query handling.
- Implemented a **console-based user interface** with menu-driven navigation and input validation for efficient user interaction.
- Structured the application using **Object-Oriented Programming (OOP)** principles and Java Collections to manage student data dynamically.

Portfolio Website

Aug 2025 - Aug 2025

- Developed a **personal portfolio website** using **HTML5**, **CSS3**, and **JavaScript** to showcase skills and projects.
- Implemented a **responsive layout** that adapts across desktop and mobile devices.
- Used **CSS animations and transitions** to create smooth interactive effects.
- Designed a **clean and modern UI** focusing on readability and user experience.
- Organized content into **sections** like About, Skills, Projects, and Contact for easy navigation.

Certifications

Java Full stack Web Development - TAP Academy 2025

Certified in **Full Stack Java Development**, covering **Core Java**, **OOP Concepts**, **JDBC**, **Servlets**, **JSP**, and **Java EE**, with practical experience in building dynamic web applications and integrating **MySQL** databases. Trained in front-end basics like **HTML**, **CSS**, and **JavaScript** to design responsive user interfaces. Additionally skilled in **Adobe Photoshop** for image editing, graphic adjustments, and creating visual designs.

Education

BCA Computer Applications - 7.50
SV University Tirupati

Sep 2022 to Apr 2025

Intermediate - 64.4
Apswrs Jr College Pulivendula

June 2019 to Mar 2021

Language

English, Telugu

Interests

- **Interests:** Web Designing, Learning New Technology, Editing Photos
